

APRIL 12, 2024 IMMIGRANT MENTAL HEALTH TRAINING

This workshop will provide front-line workers an overview of immigrants' shared experiences, and how to promote immigrants' mental health by raising their awareness of cultural transitions and navigating between home and new cultures, as well as their sense of belonging in a new country.

It also improves understanding of acculturation predictors and immigrant strategies, as well as how to support immigrants through a cultural humility approach and trauma-informed care.

This workshop is offered by JFS and funded by IRCC

Funded by:

Immigration, Refugees
and Citizenship Canada

Financé par :

Immigration, Réfugiés
et Citoyenneté Canada
